

Burn Name

For left side problems, give a bandhan, or burn your name (870408); Write down the name... and burn it (790608.2); Yesterday... one of the girls was feeling... the left Nabhi was very much... all over... and she said... 'now I will... remove it'... and she brought pieces of paper. She said... 'now they are all passing into this paper'... actually while doing that, she was giving bandhan to it... she was using her own vibrations around it... she was binding... and then she took them... and she said... now put them in the fire... and they burnt it... and everybody felt better... it's so fantastic (781002)
