

Universal Personalities

One has to understand that now we have come out of all man-made things... like man-made countries - we do not belong to America... or to England... or to India... we belong to the Kingdom of God. In the Universal Country we have come... now we have become Universal Beings... and as that we don't have any of these dividing factors, which divide human beings... such as race, or any higher or lower caste... this is no more there. We have entered into the Universal Pure Religion, and we should be proud of it; We have certain powers... and these powers increase, when we humble down - they do not increase with arrogance... with arrogance one can only become stupid... that's the only end of arrogance. So with humility, one should know that now you belong to Sahaja Culture, and Sahaja Culture is that of humility... if you are not humble, then you have not yet achieved your Sahaja Yoga (880921); You are all universal personalities... you have to be that great. You don't belong to any country - just to make it convenient you see, Shri Mataji uses the name of the country (881221)

Global Personality

Which develops when you start seeing the problem of every country, of every Nation... but when you see, you don't see like other people, who might like to use it for their own purpose... maybe for media, for something - what you want is to see that the problems are solved. Your powers are so great with this kind of a mind, which is dominated completely by the Divine Power. Many problems can be solved on a universal level, if you are a global person. What happens is, you become a vehicle, or like a channel for this Divine Power to act, because you are a purely global personality, not attached to this, attached to that, but a pure Sahaja personality, which can be used by the Divine Power very easily (980510)
