

Mahakali's Powers

Now the 3 powers of Adi Shakti work in you. One gives you longevity... and a clear-cut idea about your desires... if your desires are 'right', all your desires are fulfilled by this power... all your desires... all - but first... one should know... that your desires should be 'right'... for example... why do you want... what is the purpose... are you sure about it... if your desires are clear-cut, then they will be fulfilled... absolutely one hundred percent. That power you can achieve only by putting your bandhan on your heart... whatever desire you have... you say it, and put it on your heart... means you are asking from your heart... seven times... you just give it a bandhan, and the work will be done... but don't use it for nonsensical things... because if you use it for nonsensical things, this power will go away... use it for something special... of a higher level (800127.2)

By this first power, which is the Adi Shakti's power... or Mahakali's power... you get all the love of all the people around... everybody will feel magnetically attracted towards you... and you will be always guided by great souls, and angels. If you come across anybody who is meeting an accident, you will stop that man from going that way... if you are in an accident, everybody will be saved... you will seldom have an accident... if you have it, you won't be hurt much... amazing... all these powers come to you because you are the children of Adi Shakti.

The whole universe of the subtle, Divine Power is looking after you individually... you're all marked... the mark is on you... you are bearing the mark... and they are looking after you. So this power of desiring is the power that protects you... in all the ways that are possible. It guides you... looks after you... gives you peace... and gives you tremendous faith in Sahaja Yoga. Ultimately you become filled with joy of Sahaja Yoga... and you don't like anything else but Sahaja Yoga... to you everything is Sahaja Yoga.

Sahajvidya - Mahakali's Powers

But sometimes you know, we are identified with our ego... and we think our ego is Sahaja Yoga... many a times I have seen it. Sahaja Yoga should be separated from that ego... and brought in our day-to-day lives... when we are meeting each other... talking to each other... that joy... we should see one ripple falling and another rising, and another falling... as you see in the sea. This power is within you... and it is working all the time... that you are loved and looked after (800127.2)
