

Possession (Negativity)

Which comes from following wrong gurus (830129); Dead spirits existing within a person, such as a dead male spirit existing within a girl who all the time wants to dress as a man, or a big drunkard spirit in a young person who wants all the time to drink whisky neat. These types come from the Subconscious areas. Then from the supraconscious areas come the Hitler types, the despots (820711); When I tell to some people, they'll say 'I know Mother... I know I do that'. Then why do you do it... that means you are possessed... you are a possessed person. That you know this is wrong... still you are doing it... then you are a possessed person. Then it's better you beat yourself with shoes (800927)

Left side people... might have some sort of a baddha in them, in the sense that they are possessed by someone. Of course some are possessed by right side also... not that only the left side is possessed... but from the right side also they are possessed. Left side possessions are of a peculiar type, because they give you pains in the body. The right sided person doesn't get pains himself, he gives pains to others (880921)

The proteins 58 and 52... which come from this 'unknown area within us'... the Collective Subconscious... they enter into us... and trigger cancer. Now whatever is dead, is on the left hand side... so what they are actually talking about... is possession... that such a thing enters our being and triggers cancer (821007)

Now supposing you are too much trying... 'oh God... help me... do this'... then you can get possessed, because you are not yet connected with God... and once you get possessed... that means that some other spirit can come in... and such a spirit, when it comes into you, it can really make you mad. This kind of thing happens to people who go on the left hand side (821007)

Sahajvidya - Possession (Negativity)

When you enter into the Collective Subconscious... any one of these spirits can catch hold of you... and once they catch hold of you, you are liable for any of these diseases. Especially, I have seen... if there's a possessed person of course... they become mad... they get epilepsy... all these are possessed people. Epilepsy can be cured... all such mental problems, depression... can be cured... it's not difficult at all... but one must know that if you are possessed, you must really work it out... and see to it that it goes away from you... and you become your 'Self'. Multiple Sclerosis... a disease of the left side... so far I have seen three cases in England, which have been cured by Sahaja Yoga... and all of them had either the wife or husband possessed (821008)

Then the right side is the Collective Supraconscious... is the future... where we indulge too much into the future and plan too much, and we are aggressive about it... then... all the ambitious people, who 'lived in the future' are there. Hitler used this power to entice people... to influence the people... and he used those who are dead on the right hand side... means the Supraconscious people... and when these Supraconscious people jumped onto them, they also started to become ambitious... and absolutely heartless people... they were so heartless you can't imagine. If you read the lives of some of these people, they were not so heartless to begin with, they were not... they were good, free, affectionate people. So suddenly, how did they become so devilish, and so destructive... the thing is, they are no more there... there is something else acting... such people can become dynamic for the time being... may look dynamic... but afterwards, it is too much a load to carry... and they become like cabbages like the other side people (821007)

When the Supraconscious spirits come in... you become over ambitious... you start getting ideas... how to organise... how to do this... how to (790609.3)... there are some scientists who have died... and who never were satisfied with the progress that they made... so they come and give you ideas... it's all Supraconscious (790609.3)

Sahajvidya - Possession (Negativity)

If there is a possession, then this can be corrected by sitting in the Sun - bhoots do not like the Sun, and will run away. If there is ego problem it is better to sit in the moonlight, but if there is a problem of crying, better not to look at Moon, but better to see the Sun (800517.2)

People who are possessed get exposed in my Presence, because there is light, and in the light negativity gets exposed. That is the danger... that going in the light you get exposed. Some people who are otherwise normal in Sahaja Yoga also... but once they come before me, they just stand, and something goes wrong with them - because there is lot of negativity within them (871230.1)
