

Silence

We must develop our powers by being silent within (790422); To be quiet, itself is very great (871224); When you meditate, you are in silence... you are in thoughtless awareness... then it is that the growth of awareness takes place (880921); If there is any problem... anything... suddenly you must become peaceful within... then immediately you will find, the solution will come to you... this is a subtle of the Lakshmi Principle (960716)

If there is something that upsets you, or makes you unhappy... try to reach that point, that axis... which is just silence, within you... and this silence will make you really powerful... because this silence is not only yours... when you are in that silence, you are in the silence of the Cosmos... and the silence of the Cosmos works for you... you are in connection with that Cosmic Power... but it's more than that... it's the Divine Power which is working all the Cosmos... so if you become silent within yourself, know that you are sitting in the Kingdom of God. This silence is the sign that you are definitely, now, in contact with the Divine... you are silent because the Divine is going to look after everything... you don't have to do anything... just keep silent - but not forcefully it's again a state. So you see, if any turmoil takes place, any problem takes place, suddenly your attention will jump onto that silence (920719)
